

Apprenticeships course list 2016

This training is subsidised by the NSW Government.

Sydney TAFE is approved to offer training for apprentices in the courses listed in the table below.

The student fee is set by the government and covers the full qualification for as long as it takes you to complete your training. Exemptions from paying the student fee and concession fees are available for eligible students – see Fees and Charges on the Sydney TAFE website <http://sydneytafe.edu.au/courses/fees-and-charges>.

NOTE: The courses in the list below may also be available to students who are not employed as apprentices. A different fee schedule will apply with other funding arrangements <http://sydneytafe.edu.au/courses/smart-skilled>.

To be eligible for government-subsidised training as an apprentice you must:

- have found an employer who will take you on as an apprentice
- be 15 years or older
- live or work in NSW
- no longer be at school
- be an Australian citizen, or permanent resident, or humanitarian visa holder, or New Zealand citizen.
