

TAFE NSW STUDY TOURS

Sydney is one of the world's most beautiful cities. Its magnificent harbour, easy lifestyle and friendly people make it the perfect destination for your group.

TAFE NSW offers a wide variety of study tour programs and has a thorough understanding of the needs of different groups. Our Study Tour team will work closely with you to customise a program to suit your specific requirements.

ABOUT TAFE NSW

TAFE NSW - Technical and Further Education New South Wales is Australia's largest training provider and one of the largest in the world. TAFE NSW is wholly government owned and operated.

STUDY TOURS

TAFE NSW has extensive experience in providing high quality Study Tours for international clients. We have hosted groups from all over the world, including China, Japan, Korea, Thailand, Vietnam, Europe and the United States. Our clients include government agencies, international organisations, universities, colleges and schools.

- We deliver a wide range of competitively-priced programs that can be customised specifically for your group.
- Study Tours can include English language classes, subject-specific classes such as engineering or hospitality, company and industry visits, cultural site visits, or any combination of these.
- Our teaching methods focus on practical skills as well as theory, and our teachers are all highly qualified industry professionals.
- We have expertise in many different academic and industry areas, including English, business, pathology testing, aged care, architecture, marketing, sport and recreation, children's services, engineering, hospitality, fashion, veterinary science, information technology, tourism, interpreting and many more.

The following programs can be tailored to meet your group's needs:

- **English language programs** for government officials, overseas professionals, college and university students. English classes can be held separately, or students can be integrated into our regular classes with other international students.
- **Technical tours** in subject-specific areas for companies, government officials and college and university students.
- **Professional development programs** for overseas teachers and other industry and government representatives, including industry visits and meetings with industry professionals.
- **Briefings** on Australian education, vocational education and the TAFE NSW system.

All our programs include a comprehensive orientation session. Study Tour participants also have access to our student support facilities.

If required, we can also arrange:

- cultural and sight-seeing activities in and around Sydney
- airport and ground transfers
- accommodation
- interpreter.

We look forward to welcoming you to TAFE NSW!
